

## User Conference Wrap-Up

In November, Mentalix hosted its first user conference at Southfork Ranch in Parker, Texas. The Mentalix staff were very pleased to talk with nearly 60 customers and prospects. We received such a positive response that we are planning to make our user conference an annual event.

Attendees had the opportunity to network with other users and to ask questions of the Mentalix staff about their Fed Submit Live Scan Systems. They learned about the latest features, such as **Release Verification**, which are available to current users. Juan Flores discussed the impact of the potential

passage of the Adam Walsh Law, which may lead to **palm scanning requirements** from Texas DPS. In addition, Mentalix personnel gave presentations about our new **card conversion services** as well as planned future features. We also conducted one-on-one demos and training. All attendees were eligible to earn TCLEOSE training credits.

Demonstrations of the latest supported hardware, including the L SCAN 500P palm scanner and the mobile Verifier Mw handheld scanner were conducted. John Morse from Texas DPS gave fingerprinting tips and information about CJIS procedures.

Generous portions of Southwest BBQ were enjoyed by all at the luncheon. The day concluded with a GPS prize drawing and a tour of the Southfork Mansion.

We hope to see many more of you at the 2009 Mentalix User Conference. Watch for information later this year.

## PALM SCAN PROMO DISCOUNTS

Mentalix is now offering limited-time promo discounts for Fed Submit Palm Scan Systems. Discounts apply to orders received by March 31, 2009.

**Palm Upgrade:** Upgrade your existing ten-print system with an L SCAN 500P scanner, which handles both ten-print and palm print capture. Requires trade-in of ten-print scanner. Upgrade includes: L SCAN 500P palm scanner, Fed Submit software upgrade, PC upgrade, and one installation & training visit. Promo price is \$22,000.

**Add Palm System:** Keep your existing Fed Submit ten-print or palm print system (may be used for juvenile jail or capturing and printing civilian applicant cards) and add a complete Fed Submit Palm Scan Station Print Pack with L SCAN 500P palm scanner, cabinet, PC, flatbed card scanner, and printer at a \$10,000 promo discount.

We are also offering upgrade discounts to agencies that currently have competitors' systems. Contact Juan Flores at [JFlores@mentalix.com](mailto:JFlores@mentalix.com) or (254) 547-5301 for a promo quote.
